

# DHHC DOBNEY HYPERTENSION CENTRE

Dr Jai Nathani is a Psychiatrist at Royal Perth Hospital. He is a Fellow of the Royal Australian and New Zealand College of Psychiatrists.

He completed his bachelor of Medicine and Surgery at The University of New South Wales and his masters in Medicine (Psychiatry) at the University of Sydney.

He enjoys working in high acuity settings namely psychiatric high dependency units, emergency departments as well as low acuity settings such as outpatient Psychotherapy.

Jai is in the process of exploring the role of therapy in improving adherence to antihypertensive medications with the Dobney Hypertension Centre.
